

Kines 127 Module 6: Emergency Care and Evaluation

On-line Module – No face-to-face meeting

Module 6 incorporates information from your textbook, the NCAA handbook, and the narrated presentation to review emergency planning and the basics of evaluation.

For your short homework please review the NCAA guideline for emergency care and coverage (linked from the web site).

Write an overview (1-2 pages) of how the athletic trainer fits into the components described

- Think about the role the AT may plan in each of the components
- What might they "do" to insure this guideline is followed?
