Kines 227 Homework #3
Anatomy Study Game/Activity

Your assignment is to create an anatomy study game. Here are the guidelines:

- The game/activity you design must be able to be played by 2 to 4 people
- It must be designed as a study aide to help with any aspect of studying for Kines 227
- Props are OK and simple computer design is OK but nothing too expensive or elaborate

Task: Write up a description of your game/activity. Make sure you include any steps, rules, guidelines, etc. Also, write up a short summary as to WHY you think this is a helpful activity

This should be limited to one page.

This is due in the Learn@UW Dropbox by Friday April 22nd
